

Sprint 4 Report

Smartmeal

Smart team

3/12/2023

Actions to stop doing:

- Focusing on less important functionalities

Actions to keep doing:

- In person meetings
 - to go over code and source control
 - more personal sprint review
- Code review

Work completed:

- Connect Backend and Frontend for adding a recipe
- Connect backend and frontend for generating a grocery list
 - Finish grocery list functionality
 - Now able to check ingredients off and on
- Connect view meals backend and frontend
- Search bar for meal plans
- Toggle for private/public meal plans
- Show an alert when a recipe is added
- Add popup to show ingredients of a recipe in the calendar view
- Add images for recipes and meal plans
- Ability to remove items from a meal plan
- Unit tests

Work not completed:

- Setting meal plans as private or public
 - meal plans are defaulted to public

Work Completion Rate:

- Total number of user stories completed: 11
- Total number of estimated ideal work hours completed during the prior sprint: 22
- Total number of days during the prior sprint: 14
- Our user stories per day across this sprint was 22 user stories over 14 days, rounding out to be 63% of a user story progress per day.
- For our work days, our work would be for roughly 3 hours per day, depending on the issue at hand, it may increase to up to 5 hours or down to 1 hour.
